

**FREE
ONLINE
WORKSHOP**

THE PARENT PROJECT SPRING 2024 SESSION

The Parent Project® is a 6-week ONLINE workshop for parents/guardians raising strong-willed children and/or children with disabilities.

West End SELPA is proud to offer the Loving Solutions Parent Project training series to our community free of charge. This training series focuses on assisting families who are raising strong-willed children, and includes strategies to support children with disabilities, by providing tools and techniques for effective parenting. Participants learn ways to promote positive behaviors and how to respond to challenging ones. The course offers families ways to effectively communicate with children, improve school attendance and performance, and much more! Spanish interpretation available upon request.

Loving Solutions- Ages 3-13

The Parent Project's Loving Solutions utilizes the same principles found successful in Parent Project® Sr., but has been adapted to address the needs of younger children. All classes are held virtually. We will hold a certification ceremony (in person) at the Superintendents' Council Meeting on May 10, 2024.

5PM-7PM
