

PARA PRO 101

SPONSORED BY THE WEST END SELPA

“What is my role as a Para Professional in a Special Education classroom?”

What does my teacher mean by saying “Follow the BIP?”

How do I know what accommodations/ supports and modifications to use with each student?

In this training we will review positive behavior intervention strategies, in relation to student Behavior Intervention Plans (BIP). We will review supports/accommodations and modifications on the student IEP. In this training we will also learn how to take various types of data. And, we will look at the role of the special education aide in the inclusive/mainstream setting.

Additional tips and supports will also be reviewed to help you become the most valuable team member that you can be!
