

# Conscious Discipline

*Sponsored by West End SELPA*

This training is a revolutionary approach to student and classroom management. The training is a series of e-courses which will help participants enrich their understanding of human behavior and learn what student behavior is truly communicating. The training is a four-part series of half day sessions, either morning or afternoon. The e-courses are taught by Dr. Becky Bailey, award winning author, educator and internationally recognized expert in childhood education and developmental psychology. Conscious Discipline is designed to be implemented in K-12 classrooms. Diana Turner and Lloyd Rekstad, WESELPA Program Specialist will facilitate and initiate discussions on each day's e-course.
